Mrs. J. W. Wright visited her parents at Whitham this week.

Mr. and Mrs. Jim Phillips of Oil City and son Farmer visited relatives here Sunday.

Mrs. Mary Hayden of Weir City, Kas., is visiting her sister Miss Lucy White since last week.

Mrs. Emma Schulte and daughter Miss Lena were in town the latter part of last week on a trading expedition.

Assistant Cashier Wallace Aplegate and Postmaster Herbert Aplegate have been on the sick list this week.

See the "Masquerader," Shubert Theatre K. City Dec. 21 and Christmas week.

Mr. and Mrs. Walter Smith and daughter from west of town were Salisbury visitors Tuesday.

Miss Almeria Miller's school is still closed for the want of fuel. There are but a few short to the extent of not running most of the time.

Few Escape

There are few indeed who escape having at least one cold during the winter months, and they are fortunate who have but one and get through with it quickly and without any serious consequences. Take Chamberlain's Cough Remedy and observe the directions with each bottle, and you are likely to be one of the fortunate ones. The worth and merit of this remedy has been fully proven. There are many families who have always used it for years when troubled with a cough or cold, and with the very best results.

Change In Train Service

Two passenger trains, known as No. 52 east bound and due here at about 11 a. m. and No. 53, west bound and due here at about 4:20 p. m. have been taken out of service on account of coal scarcity and No. 2, east bound, due here at 12.25 p. m. and No. 3 west bound, due here at 2:15, will do local work and stop at all stations, either regularly or on flag. No. 14 from the west is due here now at 3 a. m. instead of 1:58 a. m. It is likely that this schedule will hold for a time.

Ladies and gentlemen's beautiful silk and linen handkerchiefs which always make suitable Xmas presents.

Some weather since Sunday. Snow, warm, cold, freezing, and then 14 below Tuesday night. Hows that for Missouri? But who has a right to complain of a few, days bad weather when we have had the finest ever for a year? The thermometers about town told different tales Wednesday morning, but none of them registered above four below. Yes, we will have ice, good ice and plenty of it at the right price next summer, but as to coal to reach thru the winter in a thawed out condition most of the time, that is another question.

Children Cry FOR FLETCHER'S CASTORIA

Warner Ford writes from Dania, Fla., that he is putting out ten acres of tomatoes and that there is quite a lot of work connected with the crop. He said that they now have all sorts of fresh garden truck as well as oranges, grape fruit, camquots, gravies and so forth, whatever these last vegetables may be. Rather cool down that way lately he said but they have not had to build a fire in their home. Warner further aggravates by saying that he goes down to the beach almost any afternoon and brings home Red Snapper and Sailors Choice fish for home consumption. He says Mrs. Ford is in fairly good health and he and Mrs. Myrtle in statuquo.

Sumner

Sumner is undergoing a siege of mumps. They're fashionable and most of us kids are right up to the mode. Don't you feel for us?

High school inspector, Mr. A. A. Hoeh paid us a visit on Wednesday of last week and told us what we must do to have a first class high school.

The moving picture manager, Alex Stobaugh has just installed a new motor driven projector and for a quiet, sharp projector we never saw its superior.

Charley Wamhoff and wife announced the arrival of a new son and heir last week.

As Sumner is using Brookfield juice, Mr. Stobaugh, our former electric man has just sold his excellent oil burning two engine plant to a Snell City operator and loaded it out for the Ozarks the latter part of last week.

Paul Jones of Wentworth military academy spent the week end with his sister Miss Golda Jones, sociology teacher at Sumner high.

The thermometer took a drop here Wednesday morning to 10 below with the coal strike still on.

\$500.00 Scholarship

Young women between the ages of 18 and 35, holding a High School diploma from any approved high school in the State, after completing the three years course of training offered to nurses at the Springfield Hospital, Springfield, Mo., will be offered a \$500 scholarship in the Teachers College at Columbia University in New York City. This ruling was passed at a recent meeting of the Board of Directors when various plans for improving the Nurses Training School were discussed.

It was also agreed by the Board of Directors that in addition to the present compensation \$5.00 to \$8.00 per month, the nurses will be furnished (after the probation period), with uniforms which heretofore they have been required to purchase for themselves.
